**23**

Diagram illustrating the sequence of moves for the 23rd move:

The diagram shows two rows of symbols representing pieces and their positions on a board.

Top row: A king piece (crown) moving from a square to a circle, followed by a queen piece (crown) moving from a square to a circle, then a knight piece (horse) moving from a square to a circle, and finally a pawn piece (triangle) moving from a square to a circle.

Bottom row: A king piece (crown) moving from a square to a circle, followed by a queen piece (crown) moving from a square to a circle, then a knight piece (horse) moving from a square to a circle, and finally a pawn piece (triangle) moving from a square to a circle.

The sequence of moves is indicated by arrows pointing from left to right between the two rows.

The diagram shows a sequence of 16 geometric figures connected by arrows, representing a step-by-step process:

- A circle containing three curved lines meeting at a central point.
- A circle divided into eight equal sectors by radial lines.
- Two identical triangles pointing upwards, each subdivided into four smaller triangles.
- A single triangle pointing upwards, subdivided into four smaller triangles.
- A rectangle with a small circle inside it.
- An arrow pointing right.
- A circle with a dot in its center.
- An arrow pointing right.
- A circle with a dot in its center.
- An arrow pointing right.
- A vertical line segment with a horizontal bar across its middle.
- An arrow pointing right.
- A vertical line segment with a horizontal bar across its middle.
- An arrow pointing right.
- A vertical line segment with a horizontal bar across its middle.

**21**    A diagrammatic sequence representing the number 21. It starts with a square containing a smaller square at the top-left corner, followed by a dot above it. This is followed by two vertical lines. Then comes a triangle above a square divided into four smaller squares. Next is a bracketed shape containing a circle and a triangle, with a dot above it. This is followed by a circle. Then another square with a smaller square at the top-left corner and a dot above it. This is followed by two vertical lines. Then a circle above a triangle. Then a square with a dot inside and a triangle to its right. Then a bracketed shape containing a circle and a triangle, with a dot above it. Finally, there are three horizontal bars stacked vertically, followed by a circle.
