Introduction

Philippians 1:3-5 ULB

*3 I thank my God every time I remember you,
v4 always, in every prayer of mine for all of you, making my prayer with joy
v 5 because of your partnership in the gospel from the first day until now.*

Scripture tells us what Scripture is good for and what it produces:

1. Knowing the Scriptures will help you to be wise and to understand the way of salvation.
2. Scripture teaches us how to live our lives.
3. Scripture gives us the measure of right and wrong.
4. The Christian who studies Scripture will be trained in godliness, will be shown how to live, will be taught how to have a relationship with God, and how to live with love toward others.
5. The Christian who studies the Word of God has everything needed to live for the glory of God.

The purpose of this guide is:

1. To provide a resource within the Christian community to gauge the effectiveness of Scripture in their lives.
2. To teach believers who can read the Scripture in their own language, new ways to study the Bible and apply it so they can experience the full measure of God's design for their life in him.
3. To provide the Christian community with a transferable, expandable, training guide to lead Christians to a deeper understanding and knowledge of the Bible.
4. To explain difficult words and ideas that are found in the Bible, such as doctrine, teaching, Law, practical living, help for in families, and in the local Church.
5. To help Christians discover ways of expressing love for God in worship that is built on the teaching of the Word of God.

The results of using this guide are:

1. The believing community will grow in their understanding of the Bible, and they will learn how to understand its message and to follow the instructions for Christian living and the worship of God.
2. Those in the churches will learn to serve and love other people as Christ has loved them.
3. Christians will experience growth, the disciplines of the Christian life (prayer, generosity, purity, and the like) as they live out their faith and as they grow in their trust in God.

The primary audience for this guide is:

1. Christians who want to understand the message of the Bible and who want to follow the teaching of the Bible, so that God is honored and that Christians grow in spiritual maturity.
2. Spiritual leaders in communities who have learned to teach the message of the Bible, and so by their teaching they would encourage spiritual growth in the Church and that would lead to spiritual maturity in those who worship and serve together in the local Church.

The expected outcome of this guide is:

1. Christians and those who are interested in the Christian faith will find a deeper understanding of the meaning of the Bible and they will be encouraged to apply the message of the Bible in their own lives.
2. Those who use it will understand and apply message of the Bible individually as they live their lives for God, and in the broader community of their neighbors, and especially with other Christians in the worshiping community.
3. Those who use it will gain confidence in their translation of Scripture and be bold to share it with others.
4. Those who use it will help others to understand and apply the Word of God to their lives.
5. Those who use it will be inspired and challenged to help other language groups to get Scripture in their own language.

This guide is designed to be:

1. The Philippians Application Guide is an additional resource that stands alongside and supports the teaching found in the Reviewers' Guide.
2. A series of questions based on the passages used in the reviewer's guide that ask the participants to apply what they are reading to their own experience and life.
3. A group or community process overseen by a team leader.

To use this guide, a group of Christians with new access to Scripture in their heart language could agree together to read and study the Bible together, and to discuss together the questions that are included in this study guide. One spiritual leader from a Christian church (a pastor, teacher, or leader, or perhaps one of the translators, etc.) should give leadership to the group so that the Applications Guide would be studied together in a group.

How to use this guide:

1. Scripture passages are listed before a series of questions. Read these passages in the newly translated Scripture.
2. The group leader will then ask the group the questions that follow the passages.
3. If possible (in places with high literacy) one person should be assigned to take notes on the answers to questions, especially any questions where individuals disagree or where an answer is unknown.
4. Work through the questions slowly--allow time for everyone to think about the passages and to answer if they choose.
5. At the end of each section of questions is a set of conclusion questions. The answers to these questions should be recorded whenever possible to be shared with a larger audience.
