

JELLY ANN MILLANG

I am Jelly Ann Millang. I am married with 3 kids and I am pregnant with my fourth child. Presently, I am a youth pastor in our place. I am so happy and blessed that I became a part of this workshop, because we translated the Bible which is the Word of God. I know that this Oral Bible Translation leaves a great impact

in my life because it helps me to understand more about the Word of God and grow deeper in my faith in him. And I thank the Lord because I am one of the translators in this work for Him. I consider this as one of the greatest achievements of my life as a worker of the Lord. Although, with coming here, there are things that I had to sacrifice. I left my 3 children at home and my church obligations in order to join this translation, but I am so thankful to God that I became a part of this important ministry. At first, I did not think that this would be possible, translating the Word of God into our language and I can say that nothing really is impossible with God for He always makes a way so that all people will be able to understand his Words. For me, this is really a great blessing for the Boholano people because they will be able to understand more about the Word of God if they will hear it in our own language. And I'm sure, there will be more Boholanos that will be saved and know more about the Lord because of this translation. Thanks be to God.
